

# ESSENTIALS

Essentials is FOPE's key newness for 2021 as it embodies the idea of luxury for everyone, thanks to its signature design and unique wearability. Conceived as a universal line, the new Essentials jewels are available in three gold color options and are designed to match all other FOPE creations.

# EKA

Eka – meaning ‘one’ in Sanskrit – is a whole new way of wearing gold bracelets. Based on one of FOPE’s inventions from the 1950s, it applies the concept of flexibility to jewellery, blending together luxury and innovation. With its classic gold mesh design reworked in ultra-contemporary style, Flex’it has proved an instant global success.

# PRIMA

Prima is the slimmest addition to the Flex'it family and it is a fine and light collection.

Its mesh chain hides dozens of tiny 18 carat gold springs which make the bracelets and rings smooth and flexible. The full set also includes earrings and necklaces, available as tassels, long or standard necklaces.

Each jewel is perfect to wear individually, but looks fantastic when stacked or layered with other FOPE creations.

# LUNA

An original addition to FOPE's collections, Luna is an innovative design with the contemporary, heavy mesh gold chain made fully flexible by the brand's signature patented system.

This new line features choker style necklaces that simulate the look of a rigid choker with all the comfort of a smooth flexible gold mesh that FOPE's fine jewellery collections are best known for – a new ground-breaking application from our brand! On top of this Luna Flex'it bracelets, which are available in white, yellow and rose gold, are a design aimed at both women and men.

# PANORAMA

The Panorama collection embodies a true celebration of the understated luxury which FOPE has always championed - with an extra touch of elegance.

The 18 carat gold mesh features the signature Novecento style, while the result is a wider and finer chain which provides an unexpectedly new feel on the skin. Flexible bracelets and rings, necklaces and earrings (available in two sizes) make Panorama a fantastic enhancement to FOPE's offering. The set of gold bars added to each piece of the suite varies in number and carat weight, while they all guarantee enough sparkle for everyone's taste.

# PANORAMA YOU

Panorama You introduces the first customised Flex'it jewellery and takes the concept of #EverydayLuxury to a whole new level. Thanks to the new gold and diamond letters, you can now compose your original message and added it along the Panorama mesh chain. Free your creativity, choose a unique combination of colours and rondels, and make your own bracelet or ring. For the Berlinale, FOPE has created an exclusive bracelet with black diamonds to celebrate the international cinema festival.

# BUBBLE RINGS

Translucent light and endless nuances, gold and precious stones: Bubble Rings are an explosion of joy and good cheer. FOPE has imagined the jewels as a shower of precious stones raining down on one another, encased in the Novecento mesh. Exuding pure fun, these highly valuable pieces are born from the union of sophisticated techniques, master craftsmanship and love for jewellery.

# ICONS

The Novecento mesh is FOPE's first real icon and the signature feature of the brand's collections. The Novecento stands out for its three-dimensional round or oval structure. The 18 carat gold parts which make up the chain are interlinked, making the jewellery softer, elegant and easy to wear.

# SUPER EKA

Designed and made in Italy like all FOPE's creations, the Super Eka capsule collection is a sophisticated take on the first design that has featured the Flex'it system, FOPE's best-selling Eka.

Its name already sets the mood for the opulence of the diamonds which are pave set on larger sections of the white gold mesh. The beautifully sparkling suite is perfect for making a statement with the bolder gold necklace, bracelet and earrings specifically created with high-end occasions in mind.
